Sterile packaging & **infection control**

Sterile Packaging Systems & Infection Control Products

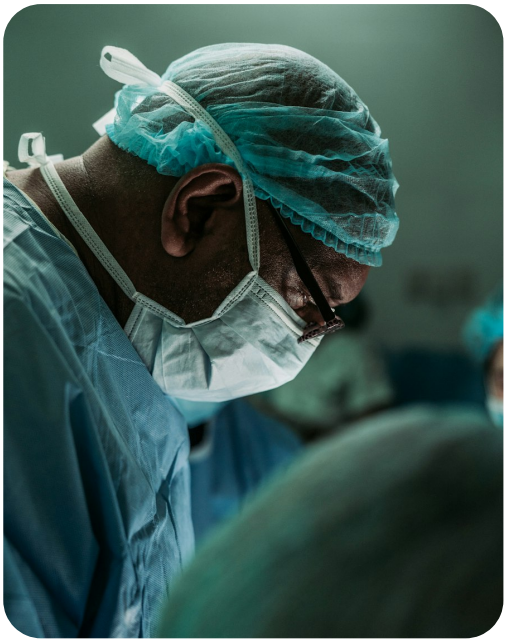

Reliable | Compliant | Global Solutions

WHO WE ARE

Your trusted partner for **sterile packaging**

SecureMed is an international provider of **sterile packaging systems, sterilization consumables, and infection control solutions** for hospitals, clinics, CSSD departments, and medical device manufacturers.

Our mission is to ensure **patient safety, process reliability, and full regulatory compliance** through high-quality products and dependable supply solutions.

WHY SECUREMED

01
Complete product range
Wide, complete sterile packaging product portfolio

02
ISO & EN standards
Products compliant with ISO & EN international standards

03
Hospitals & industry
Solutions adapted to hospitals, CSSD and medical industry

04
Global sourcing
International sourcing and reliable supply chain

05
Competitive & reliable
Competitive positioning for tenders and long-term projects

MONITORING & TRACEABILITY

Sterilization **control products**

Daily monitoring solutions ensuring sterilization effectiveness and traceability:

- Bowie & Dick test packs and sheets
- Chemical indicator strips (Type 4, 5, 6)
- H_2O_2 plasma indicators
- Autoclave tapes and indicator labels

FOR MEDICAL DEVICE MANUFACTURERS

Industrial **medical packaging**

Packaging solutions for medical device manufacturers:

- Thermoformable film webs (PP / PE)
- Steam and H_2O_2 sterilizable films
- Tyvek® webs
- Medical grade paper

LOW-TEMPERATURE STERILIZATION EQUIPMENT

H_2O_2 sterilizers

Designed with precision, our advanced low-temperature hydrogen peroxide sterilization system integrates the highest standards of **safety, operational efficiency, and user-centric design**. Engineered to meet the stringent requirements of healthcare environments, it provides a reliable and sustainable solution to support your facility's long-term sterilization performance.

Appearance may differ by model.

AVAILABLE MODELS

MODEL	DESCRIPTION	VOLUME / CHAMBER SIZE
